

POST Maggot Oil

Hygeia
Animal Care

A LIQUID EMOLLIENT BASED OIL FOR APPLICATION TO SHEEP POST FLYSTRIKE ATTACK.

- ✓ Cleanses the affected areas
- ✓ Easily applied by brush or spray
- ✓ Infused with the natural benefits of: Eucalyptus Oil and Citronella Oil

Hygeia Post Maggot Oil contains essential oils, providing a soothing and moisturising effect. Used in sheep management when flystrike and maggots are a problem. Hygeia Post Maggot Oil provides a barrier effect, with strong adhesion properties even in wet conditions.

DIRECTIONS FOR USE

Apply Hygeia Post Maggot Oil onto the affected and surrounding area. Repeat as required. Thanks to its natural properties, Hygeia Post Maggot Oil can also be applied to all the animals in the flock. For animal use only. For external use only. No Meat Withdrawal. Wash hands after use. Keep out of reach of Children. Avoid contact with eyes.

Contains: Liquid Paraffin, Eucalyptus Oil, Citronella.

This is not a veterinary medicine which is subject to authorisation by the Health Products Regulatory Authority.
