

Product Name: **HYGEIA ROSE FOOD**

Contents: Nitrogen (N), Phosphorus (P), Potassium (K) Iron (Fe), Trace Elements

Use: A balanced blend of nutrients for roses

General Description: Hygeia Rose Food contains the essential nutrients; Nitrogen, Phosphorus and Potassium (N,P,K) to provide your roses with its nutrient requirements to maintain beautiful flowers for an extended period. N (Nitrogen): For enhancing the growth of leaves and stems. P (Phosphorus): Provides good flowering and strong root growth. K (Potassium): Helps promote vigorous growth so plants are better able to resist disease and adverse weather conditions.

Instructions for Use: Shake well before use. Mix 40ml (3 capfuls approximately) with 5 litres of water to make up solution. Apply to the base of the rose not onto the foliage. If roses are poor bloomers, apply fortnightly. Otherwise apply monthly. Use during growing season.

Precautions: Wash hands after use. Avoid contact with skin. Store away from children and animals. Store in original container.
